## 1. Class/Seminar Teacher Evaluation

This survey requests your feedback on two separate aspects of your learning experience, split into three sections. The first section asks for your views on your teacher's class/seminar teaching. The second section asks for your views on the course as a whole *at this point in time*. Finally, the third section asks for some information about you, to aid analysis. Your views are valuable to your teacher and to the School. The results will be used to identify good practice and will also be used to help improve the teaching and learning experience for you and your peers.

The School reports internal survey results as the percentage of respondents who 'mostly agree' or 'definitely agree' with each statement, in comparison to the percentage of respondents who either 'mostly disagree' or 'definitely disagree' or 'neither agree nor disagree'. The percentage of respondents who 'mostly agree' or 'definitely agree' is the '% Agree' result. For example, the % Agree score means that X % of students on Y course mostly or definitely agree with the statement 'I have received helpful comments on my work'.

Please show the extent of your agreement by selecting the box that reflects your current view of your class/seminar teacher:

- 1.11) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

- N/A
- Perhaps the teacher could talk more about the key concepts of each reading and we could spend the majority of time of the class in smaller group discussion going over the key concepts instead of opening up to whole group discussion every class.

■ Improving the workload of the course.  
Sometimes the workload is over-bearing

■ Reading list links sometimes requires me to jump through many hurdles to actually get to whatever it is I need to read e.g library website is buggy. Often times I actually have to just google it myself, but at 1am when I can't really be bothered I often don't read it at all.
