1. Class/Seminar Teacher Evaluation

This survey requests your feedback on two separate aspects of your learning experience, split into three sections. The first section asks for your views on your teacher's class/seminar teaching. The second section asks for your views on the course as a whole *at this point in time*. Finally, the third section asks for some information about you, to aid analysis. Your views are valuable to your teacher and to the School. The results will be used to identify good practice and will also be used to help improve the teaching and learning experience for you and your peers.

The School reports internal survey results as the percentage of respondents who 'mostly agree' or 'definitely agree' with each statement, in comparison to the percentage of respondents who either 'mostly disagree' or 'definitely disagree' or 'neither agree nor disagree'. The percentage of respondents who 'mostly agree' or 'definitely agree' is the '% Agree' result. For example, the % Agree score means that X % of students on Y course mostly or definitely agree with the statement 'I have received helpful comments on my work'.

Please show the extent of your agreement by selecting the box that reflects your current view of your class/seminar teacher:

- 1.10) 1.7 Please comment below on aspects of this teacher's class/seminar teaching you think were particularly helpful.

■ Enthusiasm, interest, etc. etc. etc.

■ My teacher (Joe Greenwood-Hau) makes classes very structured and keeps to these structures over topics. The structure of the class is clearly communicated at the start of the class. This means classes are easy to follow and I am always able to keep up with classes and know what is going on. Whilst the structure stays the same, my teacher still brings in new activities such as games to demonstrate a point or theory - these are particularly engaging and allow me to apply what we are learning in the readings and gain a broader understanding of how scenarios play out in the 'political game'. Weekly emails about readings and updates make me feel involved in the course and I always know what is happening in the course. Joe also extremely friendly and supportive which makes participating in classes so much easier and rewarding.

■ ensures foundational knowledge is understood by all and provides ways to further study a topic to gain a deeper understanding.

- 1.11) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

■ Maybe a bit more class-wide discussion time of the implications of theories, results, etc.
